

# Kasey (Greenhoe) Claytor

## Class of 1968

Kasey (Greenhoe) Claytor from CBHS Class of 1968 is the founder of Osprey Money Management LLC, which was formed in 2005. Since 1983 Kasey has worked for major brokerage firms, helping her clients plan for retirement, college funding, estate wealth transfer, and wealth building. During this time she has continually added to her knowledge, accreditations and education to offer the best expertise for her clientele. In the year 2000 she opened an independent office in Titusville, FL.

She currently teaches workshops on asset management and coaches individuals on ways to increase their likelihood of success in today's and tomorrow's markets. In the lectures she explains the difference between the traditional financial planning model with its traditional investment advice and the Efficient Market Theory.

Kasey is now residing in Cocoa with her husband in a renovated hundred-year-old river house. She has two grown sons and a daughter-in-law. She has been published in numerous periodicals covering various topics in the financial field, human interest articles, and a book of fiction.

Her charity work includes a great interest in supporting local elementary schools: "adopting" classes, providing for supplies there are no funds for, and offering an adult class that explores different ways people can reduce stress in their lives.

Her hobbies include writing, oil painting and renovation projects on their home.
